## SKILLS

- web developer
- Wordpress developer

## WORK EXPERIENCE

### Professional Summary

I am a passionate front-end web developer with expertise in WordPress, HTML, CSS, and JavaScript. I have successfully developed responsive, user-centric websites that combine creative design with robust functionality. My goal is to craft seamless digital experiences by transforming ideas into visually engaging and efficient solutions.

### Technical Growth & Learning

Alongside my web development skills, I am expanding my technical knowledge by learning Python and exploring the fundamentals of C programming. I thrive on continuous learning and innovation, striving to deliver impactful solutions while growing as a versatile and skilled developer.

### Key Strengths

- Proficient in front-end technologies including HTML, CSS, and JavaScript
- Experienced in WordPress website development and customization
- Eager to adapt and learn emerging technologies for continuous improvement

## EDUCATION HISTORY

### intermediate in Computer Science (ICS)

Completed with a strong foundation in computing and problem-solving.

### Web Development Certification

Successfully completed a comprehensive web development course from TecnoSol IT Training Institute, gaining hands-on experience in front-end technologies and WordPress.

### Computer Science Student

Pursuing advanced knowledge in programming and software development.
